

4 June 2008

Dear Sir/Madam

## **Business Improvement District (BID) Broadband Offer**

Following Stephen Welch's recent letter you will be aware that part of the Coventry Best for Business benefits package is the free broadband offer to BID businesses. I am pleased to inform you that our partner in providing the broadband service is BT Lynx, one of Britain's largest telecommunications businesses.

We are currently carrying out site surveys for the CCTV and wireless equipment needed to provide broadband connection to those businesses, within the scope of the BID, who want it.

Next we will be moving onto the installation stage. However, before we can proceed, we need to ascertain exactly which businesses wish to take up this offer. Therefore, if you are interested in taking up the broadband offer, could you please complete and return the enclosed Way Leave agreement by Friday 20<sup>th</sup> June.

Please note that the BID is only able to install and provide the consumer unit and router free of charge if you sign up now - even if you do not use the equipment until later. However it is not possible to guarantee that these will still be available free of charge once the CCTV installation work is complete.

If you require any further information on the broadband offer, please go to the BID website: [www.coventryb4b.co.uk](http://www.coventryb4b.co.uk) or contact your Business Area Champion on 02476 654300.

Yours sincerely

Gillian Ayers-Hunt
